

# Norlab *Fluorescent Tracer* *Dye Strip*

- *Dye Strip* is a safe, biodegradable, water soluble & non-toxic dye for low or medium volume tracing applications.
- *Dye Strip* won't freeze & is ideal for cold weather tracing dye applications.
- *Dye Strip* is clean to handle, making it an ideal choice for indoor dye testing applications.
- *Dye Strip* is a patented impregnated dye, approximately 6.35cm x 10.16cm Individually wrapped in a perforated package for clean & fast release applications.
- *Dye Strip* is available in quantities of 100, 300 and 1000 (colors can be mixed.)
- Due to many variables (amount of water, visible light, rate of flow, distance traveled, level of solids, etc.) it is nearly impossible to provide exact dosage. However, approximate dosage (visible to the naked eye) is 1 Strip: per 250 gallons of water.
