

TOILET DYE LEAK DETECTOR

Toilet Dye(patented)

Stop that leak today!

Conserve water & save money on your water bill.

Norlab's patented *Toilet Dye* is a flat impregnated dye strip, that is easily mailed, safe to use and biodegradable. We package 2 *Toilet Dye* strips (toilet tests) per bag, however will customize for your needs. Clean to handle & easy to mail, hand out or use in the field.

How It Works

- Drop 1 *Toilet Dye* strip into the back of the toilet tank.
- Wait approximately 10 minutes. Do NOT flush toilet. If blue dye appears in the toilet bowl, the toilet has a leak. Call a plumber for service.
- Flush the toilet until the dye disappears.
